BILL WOULD SUSPEND NEWSPRINT TARIFFS

BY BRIAN HEWS

Thless you are in the industry, you probably are unaware that the Trump administration "accepted" a tariff request from a small newsprint manufacturer in Washington state, NORPAC, and slapped a 23% tariff on Canadian newsprint.

There are only five manufacturers in the U.S. and the other four are against the tariff.

No shortage exists, how could there be? The rise of the internet has slowed usage, which is why there is only five companies left in the U.S.

Printers and newspapers are livid, already having to raise prices and layoff workers.

In an effort to protect printers and publishers from unwarranted tariffs, Senators Susan Collins (R-ME) and An-

HAHN PROVIDES UPDATE ON WEST SANTA ANA TRANSIT CORRIDOR

BY TAMMYE MCDUFF

L.A. Supervisor Janice Hahn attended this past Monday's Bellflower City Council meeting and spoke about Metro and the West Santa Ana Transit Corridor Light Rail Project.

"As you will see this evening in Metro's presentation, this project is a 20-mile long light rail system that starts in Artesia and will travel through thirteen Gateway cities, including Downey, Paramount, and Bellflower, ending in downtown Los Angeles."

"Soon the Metro Board of Directors will be considering three different routes, including a direct route that will end at Union Station, known as alternative E, which is my favorite," states Hahn.

Bellflower and other area residents have waited a long time for a transportation project that is convenient and efficient connecting to Los Angeles.

"And they want it built right," said Hahn, "I believe your residents want a transfer free, one seat ride to Union Station."

EXCLUSIVE: PEDRO ACEITUNO'S RESIGNATION WILL COST CENTRAL BASIN RATE PAYERS OVER \$240,000

BY BRIAN HEWS

Bell Gardens Councilman Pedro Aceituno, who is a candidate for the 58th Assembly District seat, is running against embattled Assembly woman Cristina Garcia, who Aceituno says is "embarrassing our district"

Aceituno, who is rumored to be from El Salvador, is also running on "trust and fiscal responsibility."

Yet Aceituno, who recently resigned from his Central Basin (CB) Director position under threat of an incompatible office lawsuit by the L.A. County D.A., cannot call himself trustworthy nor fiscally responsible.

Aceituno, in his thirst for public office, is costing CB rate-payers and Bell Gardens taxpayers hundreds of thousands of dollars.

Voters will also question his statement about trust, as sources are telling Hews Media Group-Community News that Salvador Franco is a major player in his campaign to win the 58th Assembly seat.

It was first reported by HMG-CN in 2012 that Franco, while running for

Downey City Council, violated California voter laws, voting in Bell Gardens between 2007 and 2010, while property records indicated he was a resident of Downey during that same period.

Franco was associated with former Assessor John Noguez, who at the time was in county jail-because of HMG-CN's exclusive exposé-facing dozens of felony counts of money laundering, fraud and other charges in the largest political corruption case in LA County history.

Franco also enraged Downey residents, promising during his campaign to sack the Downey Fire Department and bring the Los Angeles County Fire Department in as a replacement.

As a Bell Gardens Councilman, Aceituno ran for and was elected to the CB Municipal Water District in 2016.

At the time, Aceituno was receiving over \$27,000 annually in committee stipends, monthly pay, and benefits from Bell Gardens.

Once sworn in to his CB position, Aceituno immediately began receiving pay including two car allowance pay-

The review was approved by the Joint Legislative Audit Committee in Sacramento on a 13-0 vote.

Monies into the Delgado campaign came from the Coalition to Restore California's Middle Class, Including Energy Companies Who Produced Gas, Oil, Jobs and Pay Taxes.

The committee supported the Delgado campaign with over \$77,000 for research, mailing pieces, and consulting.

Major contributors include Chevron Oil, Houston-based CRC Services, Tesoro Oil, and Valero Oil.

The committee is also throwing money around to oppose Tony Mendoza (32nd Senate District), over \$25,000; support Susan Rubio (22nd Senate District), over \$90,000; and support Chad Mays (44th Senate District), over \$176,000.

The second committee is the Families and Teachers United, Sponsored by California Charter Schools Association Advocates.

The committee has supported the Delgado campaign with over \$271,000 for consulting services, literature and polling services.

"\$271 large," said a Montebello resident who did not want to be identified, "Delgado had already sold out to special interests and she is not even through the primaries, who know what she promised to the oil companies, insurance companies, and housing companies."

Major donors are the California Charter Schools Association Advocates Independent Expenditure Committee,

VETERANS RESOURCE CENTER OPENS AT NORWALK LIBRARY

BY TAMMYE MCDUFF

The Norwalk Library held its grand opening for the new Veterans Resource Center [VRC], Monday, May 14, 2018. "In partnership with the California Department of Veterans Affairs and the California State Library, Norwalk Library now offers assistance to veterans and their families," said Jesse Walker-Lanz, L.A. County Library, "at the Veteran Resource Center, vets and families can meet with trained volunteers to find out about state and federal education, employment, housing, health, and disability benefits. We are proud to way we now have three locations in this area."

Norwalk Mayor, Jennifer Perez added, "Today we celebrate our commitment to the men and women who leave the safety of their homes, to ensure the safety of our families." Perez went on to state that the City of Norwalk is home to over 3,000 veterans. The City honors these residents with the Hometown Heroes Banner Program, Pets for Troops, and special parking for wounded veterans in all City facilities. "We also hold ceremonies to express our respect and appreciation for their service and today we celebrate the opening of the third Veterans Resource Center."

The VRC offers individual, group or family counseling; workshops dealing with stress, anxiety and anger management; spousal support groups, MST and PTSD counseling; bereavement counseling; employment referrals; Alcoholics Anonymous groups and court ordered 52-week domes-

tic violence groups.

VRC provides supportive services to very low-income Veteran families living in or transitioning to permanent housing through the Supportive Services for Veteran Families grant.

VRC provides transitional housing for homeless veterans through the VA's Homeless Providers Grant and Per Diem Program. The purpose is to promote the development and provision of supportive housing and/or supportive services with the goal of helping homeless veterans achieve residential stability, increase their skill levels and/or income, and obtain greater selfdetermination.

The unemployment rate for veterans hovers around the national average. Those who are still out of work say that they face discrimination, and are often offered jobs that are beneath their expertise level. One of the VRC's most successful employment training programs is "Winning the Employment Game". This program focuses on helping individuals achieve results by providing a personalized career exploration and job-search program.

Mental health disorders, signature injuries of the wars in Iraq and Afghanistan, affect one in five active duty service members. There is a Combat Call Center that is a 24/7 confidential call center where combat vets and family members can talk about their military experiences or any other issue they are facing in readjustment to civilian life. The staff is comprised of combat veterans from several eras and is a free call at 877.927.8387.

The Center also houses a collection of books, DVDs, and other library materials selected particularly for veterans. Norwalk Library is located at 12350 Imperial Highway in Norwalk.

SUMMERTIME IN DOWNEY

BY DOWNEY MAYOR SEAN ASHTON

s summer approaches the question of what do with our children during their time off arises. Summer is an amazing time for growth and maturity in all children. To keep up with

school during the off months, activities like family outings, board games, and reading can help children remain engaged. As an educator myself, I strongly recommended that parents and caregivers read with their children every The Columbia Memo-

rial Space Center, Parks & Recreation Department and the Downey City Library offer several programs/summer camps where children can attend and continue their education while having fun.

The Columbia Memorial Space Center [CMSC] will be offering summer camp programs for student's 4th to 12th grade. Subjects covered will include robotics, engineering and 3D printing. CMSC is a hands-on learning center dedicated to bringing the wonder and excitement of science and innovation to students of all ages and backgrounds. Through worldclass programs and engaging exhibits, the Space Center strives to ignite a community of critical and creative thinkers and is currently taking registration for all camps. Also don't forget, all students in the City of Downey are able to visit the museum free of charge!

The Parks and Recreation Department is offering three camps for age groups six to 15 years of age. They are the Wilderness Camp, Performing Arts Camp and Camp Discovery Downey. Camps are beginning at 7:00 am to 6:00 pm and vary in structure depending on age group. For more information and to register please go to downeyca.org or call 562-904-7238.

The Downey Unified School District is also offering their Summer 101 Camp. Camp is held at

Griffiths Middle School and is offered to first grade through eight graders. Early morning child care and lunch is included in the registration fee. Camp courses include STEM base programs to Writer's Workshops. For more information and to register please visit das.edu or call 562-940-6200.

The Downey City Library Summer Reading Program runs from June 1st to July 31st. This annual program is designed to encourage students to read throughout the summer months. Students can earn prizes and attend free performances at the Downey Civic Theatre. The Library Summer Kick Off Event will be on Saturday, June 2nd beginning at 11:00 am and run until 4:00 pm. I encourage all students to attend and receive their summer activities packet and start earning prizes.

Learning should not stop this summer when the last school bell rings. Summer is an opportunity for all students to continue to learn new things. Helping children transition to the next grade in the fall is easy if we all do all our part to guide them in the right direction. We are large influences on our children, their confidence, attitude, and effort in school. With involvement and encouragement students' academic outcome are sure to be positive.

Lastly, I would like to wish a belated Happy Mother's Day to all of the mothers and give my congratulations to the graduating Class of 2018!

As always, feel free to contact me if you have any questions, concerns, or ideas. Thank you for allowing me to serve you as Mayor.

NORWALK RESIDENT APPOINTED AS NEW NLMUSD BOARD MEMBER

BY RICK DE LA TORRE

NORWALK, Calif. — The Norwalk-La Mirada Unified School District Board of Education has appointed Norma Amezcua, a children's program administrator, as its newest board member.

The appointment of Amezcua, a Norwalk resident, fills a vacancy on the sevenmember board that was created with the resignation in March of Sean Reagan, who had moved out of the district to Whittier.

Reagan had served on the board since 2013. His board term expires in December

"It's a big responsibility that I'm taking on, and I'm ready to give what I have to offer," said Amezcua, who is the assistant director of early child care and education programs for the Mexican American Opportunity Foundation, a Montebello-based nonprofit organization.

NLMUSD is a K-12 district that serves nearly 18,000 students.

Amezcua's selecunanimous tion, from among a field of four final applicants, took place at the board's regular meeting on May 7.

Her appointment is provisional for 30 days and becomes effective thereafter unless a petition for a special election

containing a sufficient number of signatures is filed with the Los Angeles County Office of Education.

Amezcua, who was born in Mexico and reared in Los Angles in a household with six sisters, is a naturalized U.S. citizen.

She is a six-year resident of the city with two adult children and several nephews and nieces who currently attend NLMUSD elementary, middle and high

Amezcua said she sees the board as a team and is interested in supporting its efforts to create more mental health services for students while also helping the district move toward the goal of hiring additional school counselors.

She noted that her passion about helping those in need began during her time in high school as a volunteer Spanish translator for the Shriners Hospital for Children in Los Angeles.

"Community service is a big priority for me," said Amezcua, who is a member of the Norwalk Lions Club and chairs its education committee. She is also a member of the City of Norwalk's Social Services Commission.

Amezcua, 41, said her perspective on the great value of schooling grew after she became a teen mom and decided to commit herself to a professional career in education.

She earned an associate's degree in child development from Los Angeles City College, a bachelor's degree in human development from Pacific Oaks College in Pasadena and a master's degree in early childhood education from California State University, Long Beach.

Dr. Danieilian, the NLMUSD superintendent, praised Amezcua's accomplishments as a parent and community member. "We are excited about Norma joining the board and her commitment to helping the district fulfill its promise to have every student become future ready for success in college and careers," she said.

POLICE WEEK CELEBRATED IN U.S.

A LEGACY OF HONOR

Tammye McDuff

Again this year, from May 13th to May 19th, thousands of police officers, law enforcement professionals, friends, family, and survivors gathered gather in Washington D.C for National Police Week.

This year, the names of 360 officers killed in the line of duty are being added to the National Law En-

forcement Officers Memorial in Washington, DC. These 360 officers include

129 officers who were killed during 2017, plus 231 officers who

died in previous years but whose stories of sacrifice had been lost to history until now.

The names of all 360 fallen officers were formally dedicated during the 30th Annual Candlelight Vigil on the evening of May 13, 2018 held on the National Mall. So that people across the country could take part in this unique and powerful ceremony, the vigil was webcast live over the Internet beginning on May 13th.

One of the most moving ceremonies was the Annual Candlelight Vigil, where the names of fallen officers were etched into the Memorial Wall. Unlike many memorials in Washington D.C, the National Law Enforcement Officers Memorial is ever-changing as new names are added each year. A wreath was laid for each fallen hero and their names were read aloud to the thousands of people and loved ones who were in attendance. The national observance is organized by a group of organizations led by the National Law Enforcement Officers Memorial Fund [NLEOMF], Concerns of Police Survivors, the Fraternal Order of Police and the Fraternal Order of Police Auxiliary.

> On May 15th of each year, the Fraternal Order of Police and the Fraternal Order of Police Auxiliary host a ceremony on the

west steps of the U.S. Capitol to honor fallen law enforcement officers and their families. In tribute to American law enforcement officers and at the request of the National

Law Enforcement Officers Memorial Fund, Public Law 103-322 designates this day as National Peace Officers Memorial Day, which is one of only two days each year during which government agencies, businesses and residents are to fly their U.S. flags at half staff.

For most, these touching events are a way of honoring the fallen, saying goodbye to their loved ones, or paying tribute to the brothers and sisters in blue who made the ultimate sacrifice.

Let us all take a moment to remember and recognize the heroes who laid down their own lives for the safety of ours. "The wicked flee when no man pursues but the righteous are bold as a lion".

SOMEONE I KNOW HAS DEMENTIA... HOW CAN I HELP?

BY ROSEMARY LEWALLEN

St. Irenaeus Health Ministry invites you to attend a free workshop on how you can help someone you know who has dementia on Monday, May 21st from 7 p.m. to 8:30 p.m. at the

St. Irenaeus Parish Hall, 5201 Evergreen Ave., Cypress. The presenters will be Kari Walker, Director of Education, Alzheimer's Association, Orange County Chapter, Ben Allen, caregiver and Memories in the Making Coordinator, and Vernon Atwood, owner, Right at Home, Cypress, a provider of in-home care and

Every 65 seconds someone in the United States develops Alzheimer's disease, the most common form of dementia. In Orange County alone, there are estimated to be 84,000 individuals who have Alzheimer's disease or other forms of dementia.

This disease affects not only the person challenged by the disease, but everyone involved in their support network, especially their caregivers, who might be a spouse, adult child, grandchild, neighbor, friend or health care provider. Caregiving is never easy, but caregiving for someone whose condition is not understood, only heightens the frustration and stress. Come and learn about the stages of dementia, how the physiological changes in the brain impact behavior and the importance of empathy in caregiving.

Since caregiving for a person who has dementia is such a vital family issue, it's important to try to understand what the person who has dementia is experiencing on a day-to-day basis. The best way to experience their daily struggle is to immerse yourself in their world and to "walk in their shoes" through a program called "Dementia Live."

"Dementia Live" will help you:

- Experience awareness of the challenges people with dementia face everyday
- Learn strategies to communicate and connect effectively with those who have dementia
- Improve the quality of visits with dementia patients
- Reduce frustration experienced as a caregiver
- Increase empathy and compassion as a caregiver and part of the support network

After the workshop on May 21st, you will be offered the opportunity to sign-up for Dementia Live training. This FREE training will benefit everyone involved in the dementia patients' support network, including children and young teens, who may be involved in their care. If you have any questions, please contact Monica Kovach at 310-490-6113.

SERVICE ORGANIZATIONS HELP YOUTH CENTER

BY LAURIE HANSON

Young and old from three national service organizations came together to serve and support local children at The Youth Center's Community Support Campaign "Star Wars Party" on May 3 in Cypress.

Kiwanis Club of Cypress brought an army of high school students to supervise and run activities at the event's kid zone, while Seal Beach Lion's grilled hotdogs for more than 175 people. "We are so very thankful to all the service organizations and restaurants that were a part of this great event," said Youth Center Executive Director Lina Lumme. CERRITOS RALLIES LATE TO CLINCH LEAGUE'S FINAL PLAYOFF BERTH, DENIES NORWALK OF SAME OPPORTUNITY

BY LOREN KOPFF @LorenKopff on Twitter

Since 2015, the Cerritos High baseball program has had a knack for making things interesting the final few weeks of the regular season. And that trend continued this season as the Dons needed to come away with at least split against Norwalk High to continue their season.

The scenario was very simple as the teams met at Norwalk last Thursday in the regular season finale-a Cerritos win gives the Dons fourth place in the Suburban League and a berth to the California Interscholastic Federation-Southern Section playoffs while a Norwalk win of more than a run gives the Lancers their first postseason berth since 2013 and eliminates the Dons.

For most of the game, it looked as if the Lancers would end their postseason drought. But Cerritos scored five runs in the top of the seventh inning and rallied for a 7-3 victory.

This season Cerritos head coach Scott Parsonage feels a load has been lifted off his shoulders, especially since the Dons (18-10 overall, 6-6 in league) won two of their final six games and four of their final 10 games.

'Especially missing out last year by a game, us coaches said we're making the playoffs," Parsonage said. "That's our ultimate goal at the start of the season. It doesn't matter how you make it in this league; you just have to be in the top four. We tried to make it hard on ourselves and we did make it hard on ourselves. I don't think we could have waited any longer. At least we came out with [the win]."

In 2015, the Dons had a 16-11 mark but missed the playoffs by a game and a half. The next season, Cerritos won three of its

final four league games and finished with a 7-5 league mark to clinch fourth place in the circuit. Last season, despite an 18-13 record, the Dons were swept by La Mirada High the final week of the season while John Glenn High split with Mayfair High and Bellflower High swept Artesia High to push Cerritos to fifth place.

The Dons were trailing 3-2 heading into the top of the seventh when sophomore designated hitter Jacob Guzman singled and moved to second on a sacrifice from junior shortstop Matthew Pinal. Sophomore right fielder Xavier Medina then singled to the left field gap and Cerritos had runners on the corners on four pitches. Guzman was replaced by sophomore pinch runner Brandon Reyes, who tied the game when sophomore pitcher Evan Vazquez was safe on an error.

Two pitches later, sophomore center fielder Raul Garcia came up with the biggest hit of the season when he doubled to the right field gap to bring in a pair of

"Honestly, I was just trying to get the first pitch, fastball and just get early on the guy," Garcia said.

But Cerritos didn't stop there as freshman third baseman Nick Hill was walked on four pitches, junior left fielder Matthew Aguinaga singled and junior first baseman Bernie DeLeon was walked to load the bases. Sophomore second baseman Alex Manibusan then reached on an infield single to bring home Hill.

"Hitting is contagious and usually in a high school rally, a walk or an error, and then a hit and then, oh, everything happens...hit, hit, hit," Parsonage said. "That's usually how it happens."

"Well, we reverted to like we've been

VALLEY CHRISTIAN RALLIES, THEN LOSES LEAD IN SEVENTH INNING IN WILD CARD SETBACK TO SAN MARINO

BY LOREN KOPFF

SAN MARINO-Valley Christian High's softball team finished in a three-way tie for third place in the Olympic League this season along with Heritage Christian High and Whitter Christian High. A coin flip had to be taken to determine the final automatic berth to the California Interscholastic Federation-Southern Section playoffs.

Whichever of the three teams had a color on the coins different than the other two would see their season extended while the other two would start preparing for their banquets. V.C. had blue while the other two teams had another color, and the Lady Crusaders drew San Marino High in a Division 6 wild card game this past Tuesday. Despite rallying from a threerun deficit to take the lead in the top of the seventh inning, the Lady Crusaders were one strike away from the win.in the bottom half of the frame. But a pair of errors allowed the Titans to steal a 6-5 victory that left head coach Nichole McGahev and her team stunned

"It was tough because our girls answered back, and they were on a high and they had so much energy," McGahey said. "That's the thing of our season; where errors just killed us."

The Lady Crusaders were down 4-3 entering the top of the seventh when junior second baseman Morgan McGahey singled to right and stole second. Following a flyout, freshman catcher Quinn Livesay, who had previously recorded a pair of hits, was intentionally walked. Up came sophomore pitcher Caitlyn Azevedo, whose base hit to center tied the game.

After the second out, sophomore right fielder Gemma Bulthuis reached on an infield single and Livesay came home to give V.C. its first lead of the contest. She would move to second on a wild pitch and junior third baseman Kyla Nunez-O'Leary was walked to load the bases. But a fielder's choice ended any chance of adding insurance runs.

In the bottom of the seventh, Charis Chung was safe on an infield single. Then after Azevedo got the first two batters in the San Marino lineup to pop up and fly out respectively, she had Sammy Edmonds on a 1-2 count, which also included two foul balls. On the sixth pitch, Edmonds connected and was safe on an error. A second error allowed Chung to come all the way around to tie the game and send Edmonds to third. Four pitches later, and on a 1-2 count, Morgan Woodward's base hit to right ended the game.

The Lady Crusaders, who finished the season at 9-12, found themselves down 3-0 after the first inning as the Titans collected four hits. A double play would end further damage and Azevedo retired six of the next seven she faced. Meanwhile, V.C. got on the board in the top of the third when a sacrifice fly from junior shortstop Katie Morewood scored sophomore center fielder Angie Pool, who was walked to begin the frame. After the Titans added to their lead, the Lady Crusaders made it 4-2 in the fifth when junior left fielder Alex Burgess-Allen doubled and scored on an infield single from Morewood.

One inning later, Bulthuis was safe on a fielder's choice, moved to second on a groundout and came home when Pool was

playing the last two years," said Norwalk head coach Bill Wenrick. "An easy ground ball to third, not making the play, not communicating on the field with bunts. I felt the first time they bunted, we had the guy at second and we didn't communicate that. It just came back and got us in the top of the seventh inning."

In the early parts of the game, Norwalk (10-13, 4-8) had all the momentum. Already down 1-0 the Lancers tied the game in the bottom of the first when senior designated hitter Mark Gil's double to the left field gap plated senior shortstop Kevin Ramirez. One inning later, senior center fielder Gonzalo Sosa singled down the third base line, senior pitcher Anthony Gonzalez singled to right and junior catcher Andrew Arriola was safe on an error to load the bases.

A fielder's choice from senior left fielder David Urzua, which should have been a double play, allowed Sosa to break the tie. Then Ramirez grounded into a double play which brought in Gonzalez. However, the play of the game that turned the tide in Cerritos' favor came when senior second baseman Adrian Perez hit a deep fly ball to center that at first looked as if it would drop for at least a double. But Garcia dove to his right and snagged the ball for the final out and kept it a 3-1 Norwalk lead. The hosts would collect one more hit the rest of the game.

"I was trying not let the guy score," Garcia said. "That's it; just keep the game tight. That's pretty much it. The wind was blowing [towards] left field, so I knew it was going to carry that way. But, I just got a good read on it."

"That's the story of our season, story of our season right there," Wenrick said. "Just not getting the hits when we need to runs and scored twice while Medina went

get them."

Meanwhile, the pitching was once again stellar for Cerritos, which ended the season with two more complete games. After seeing Pinal three-hit the Lancers on May 8 for his fifth complete game of the season, Vazquez yielded five hits and went the distance for the sixth time. Vazquez struck out half a dozen, walked one and retired the final 10 batters he faced on a total of 31 pitches. Vazquez had entered the game winless in four previous league starts while getting six runs of support in those games.

"He finally started to throw that ball after the third inning," Parsonage said. "The last three outings, he's lost a little on his ball, rushing a little bit. His curveball wasn't as sharp. But in the fourth inning, I think he finally got pissed off and said, 'hey, I have to get this done'. He picked up two to three miles per hour on his fastball and you could see the fire in his eyes again."

"He's one of our best players," Garcia said. "I grew up with him; I know I have a lot of confidence in him and I know he'll get the job done at the end of the day."

Gonzalez wasn't too bad for the Lancers, working into the seventh inning and striking out four while allowing three earned runs. He was gunning for his second complete game of the season.

"He struggled in the first and missed a couple of spots, then he got into his groove and started hitting his spots, getting the groundballs and getting the pop-ups, a strikeout here and there," Wenrick said.

"Our pitching was just light's out this year," he later added. "Mark Gil and Salazar and Anthony Gonzalez and Adrian iust kept us in every game. They came and they battled all the time. We would lose either by an error or some sort of mental mistake. And it's a shame for them because Anthony's going to have some pretty good stats except for wins and losses."

Garcia went four for four, drove in three

two for four and scored twice. Six other Cerritos players collected a hit a piece as the 13 hits were the most since a Mar. 9 victory over Schurr High.

"What a great kid, man," Parsonage said. "He's quiet with his words but he really wants it. He's got passion for the game. He's still learning as a sophomore. But that's the best game he's had all year."

"It was a pretty good overall team victory," Garcia said. "For the first six innings, we didn't really have the energy. Then in the last inning, we picked it up."

Because Norwalk fell to the Dons 1-0 earlier in the week, it needed to win the rematch by at least two runs in order to win the tiebreaker. The Lancers, who fielded 12 seniors on a team of 14 players, won 10 games for the first time since 2013 and the Lancers won more league contests since that same season. In the past four seasons, Norwalk won a combined six games. "They showed more confidence," Wenrick said. "In the past, we would just kind of wait and see how the game would play out, and then wait for the wheel to fall off. That's kind of what happened on Tuesday. Here, we came out swinging; got guys on base. I felt a good vibe. Then when the seventh inning came, the sails came out."

Cerritos, in the playoffs for just the third time since 1998, began the Division 4 playoffs this past Tuesday and easily defeated Hillcrest High 11-3. The Dons visited Oak Hills High on May 17.

"It feels good to be back after a year hiatus," Parsonage said. "These guys worked hard and they were fading, but we got there. It's going to be a great experience for these guys. It's the first time for them and they're sophomores. I think next year, moving into that new league, I think we're going to be a first place or second place team pretty much. I'm pretty positive about that. We'll make the playoffs and this will prepare us for a deep run next year."

VALLEY CHRISTIAN Continued from page 10

safe on San Marino's third error.

"She comes through in the clutch and she scores that run," Nichole McGahey said of Bulthuis. "Also, Gemma's baserunning on that. That's another area of growth for Gemma that she has been working on all season. Just to see her score from second on an error...was huge for her."

Azevedo and Livesay each collected two hits as seven of the nine batters picked up a hit, but all nine reached base. V.C. also stranded nine batters on base and had a base runner in every inning except the

"I'm super proud of our team," Nichole McGahey said. "They didn't give up. It would have been really easy to just say,' man, we're already behind and San Marino is a great squad'. They could have easily hung their heads and they decided not to. They were going to fight back, and they were going to make the plays and answer back in the box. And they did that."

The Lady Crusaders were a relatively young team this season with two seniors, four juniors, five sophomores and a freshman. But Nichole McGahey is already excited about the near future for the Lady Crusaders and feels the experience gained in this playoff game can only motivate the team to bigger and better things for 2019. And maybe V.C. won't have to rely on a blue coin to get into the playoffs.

"I think this tells them that there's hope, and that we fight back until the end," she said. "We don't give up. This team has been that this season."

NEWSPRINT

Continued from page 1

gus King (I-ME) introduced S. 2385, the "Protecting Rational Incentives in Newsprint Trade Act of 2018," or "PRINT Act." Senators Roy Blunt (R-MO), Shelley Moore Capito (R-WV), Deb Fischer (R-NE), Johnny Isakson (R-GA), Doug Jones (D-AL), Claire McCaskill (D-MO), Jerry Moran (R-KS) and Roger Wicker (R-MS) joined as original co-sponsors.

The PRINT Act would suspend new tariffs currently being imposed on imported uncoated groundwood paper from Canada, which is the primary source of newsprint and other paper used by domestic newspapers, book publishers and commercial printers. Simultaneously, the legislation would require the Department of Commerce to review the economic health of the printing and publishing industries. Newspapers and printers across the United States have told Congress that the new import tariffs – as high as 32 percent – would jeopardize the viability of the industry and threaten to decimate the U.S. paper industry's customer base.

Many local newspapers and printers that use uncoated groundwood paper have experienced price increases and a disruption in supply since preliminary countervailing and antidumping duties were assessed earlier this year. Even as the Commerce Department investigation is ongoing, the duties are already being collected on imports, causing immediate economic harm to printers and publishers. A final Commerce Department decision is expected on August 2.

The new PRINT Act legislation would pause both the preliminary and any final duties while the Department completes its study.

In introducing the legislation, Senator Collins stated, "The U.S. printing and publishing industry is facing an unprecedented threat from crippling new import tariffs imposed on Canadian uncoated groundwood paper — better known as 'newsprint' - which is used by newspapers, book publishers, and commercial printers. As a Senator representing one of our nation's leading papermaking states, I have consistently fought for actions to ensure a level playing field for the domestic papermaking industry. In this case, however, one domestic mill owned by a venture capital firm appears to be taking advantage of trade remedies to add to its own bottom line, putting thousands of American jobs at risk. I encourage my colleagues to support this bipartisan bill to fully evaluate the economic impact of these tariffs before they harm our local newspapers and printing industries."

"Throughout Maine, small town newspapers remain a principal source of

information for people looking to read the news, learn about the goings-on in their communities, and stay up-to-date on current events," Senator King said. "But new tariffs on uncoated groundwood paper could jeopardize this access to information and impact hundreds of thousands of American jobs in the U.S. newspaper business and paper manufacturing industry, which are already operating on razor-thin margins. I have consistently fought for stronger trade enforcement, especially when it involves protecting the domestic paper industry, and must take action to ensure the Department of Commerce hears the serious concerns of the domestic paper manufacturing industry. The PRINT Act would help us better understand the damaging consequences of the DOC's decision to impose duties and help ensure local newspapers don't bear an undue burden from these misguided tariffs, so people in Maine and in rural towns across America, can continue to receive their local news from hometown papers."

Hahn said that commuters heading into downtown L.A. don't really want to waste time or money on extra transfers and that the Metro Board will be making a decision on the three routes.

Hahn wants the WSAB project timeline accelerated.

"When I first heard the timeline was 2045, I said that is not possible. Voters responded positively to Measure M which will add approximately \$120 billion dollars to fund these types of projects. I know that people do not want to wait that long."

With a lot of effort from the private sector, Hahn assured residents that the timeline will be less, stating that 2028 is now the projected completion date.

"I am committed to seeing this project completed in a timely manner and on budget," said Hahn.

The Metro Project will provide mobility improvements, support local land use plans, and ensure cost effectiveness all while minimizing the environmental im-

At the end of the environmental study phase which is approximately 18 months out, the Metro Board will select the route.

Metro has held nine community meetings to gather residents input attended by over 500 residents and has also met with numerous community organizations, stakeholders and City Councils officials.

The Metro Board will have a final meeting May 24th and this summer, they will set up rescoping meetings in all of the communities included in this Project.

ACEITUNO Continued from page 1

ments of almost \$400 in Dec 2016.

Document from Central Basin showing Aceituno's car allowance including two payments in Dec 2016.

While critics were crying foul, including some Directors on the CB Board, Aceituno attempted to distance himself from incompatible offices charges saying, "although the Bell Gardens' water company purchases water from Central Basin, I do not think there is a conflict."

One of the first and most damaging moves the newly elected Aceituno engineered was to support the Bob Apodaca "group" and remove the well-respected Phil Hawkins from the President's chair.

Worse, Aceituno voted to replace Hawkins with Apodaca who's trail of corruption and malfeasance is well- documented in several exclusive HMG-CN articles.

Among the most egregious Apodaca violations was a \$670,000 payment to settle a sexual harassment lawsuit. Apodaca also voted to give his common law wife Caroline Medrano \$10,247 for "floral arrangements."

In typical mob-boss fashion, Apodaca rewarded Aceituno for his vote by giving him several inside and outside well-paid committee assignments.

Critics became even more vocal when, during several CB Board meetings, Aceituno had to recuse himself from voting due to the conflict of interest between his CB position and his Bell Gardens Council

Aceituno remained steadfast saying "there was no conflict of interest," until HMG-CN exclusively reported five months later in May 2017 that the D.A.

began an investigation of incompatible offices.

But a defiant Aceituno waited for ten months before resigning, costing CB thousands more in pay.

Public records obtained by HMG-CN show that Aceituno took home over \$70,000 during his short tenure at CB, consisting of weekly pay, stipends from committee positions, car allowance, and health benefits.

The pay period was from Jan 2017 to March 2018, a total of 15 months, averaging over \$4,700 per month. This was in addition to the \$2,300 per month he was taking from Bell Gardens city coffers.

But the larger cost of Aceituno's conflicted tenure at CB was yet to come.

HMG-CN has exclusively learned that Aceituno's resignation triggered a "special election" in November.

That special election will cost Central Basin taxpayers an estimated \$245,000.

HMG-CN confirmed this amount with CB's Joseph Legaspi and Brenda Duran, Head of the Media & Communications Department at the Los Angeles Registrar-Recorder/County Clerk's office.

The final numbers of Aceituno's reign at CB: 15 months, \$320,000, \$21,300 per

When contacted, Aceituno told HMG-CN, "I'm proud of the work I did as a reformer on the board."

CB Director Art Chacon told HMG-CN, "I think having Pedro elected was a waste of time and taxpayer money. He never did anything, he had to recuse himself several times during our board meetings. Now that he resigned it will cost CB over \$240,000. If he gets elected to the Assembly will it be the same thing as Central Basin? Before you run for a higher position you should clean up your own house."

SHE SAYS SHE HAS A MASTERS DEGREE FROM UCLA.

Garcia has embellished her resume by falsely claiming to have earned a master's degree from UCLA. (4/24/18)

SHE SAYS IT WAS ALL A MISTAKE.

POLITICO

POLITICO has found that the Democratic lawmaker has embellished a part of her résumé — her claim to hold a master's degree from UCLA — marking the second time in her legislative career that Garcia has been discovered to have made false claims about her educational background.

LYING ISN'TGARCIA'S ONLY PROBLEM:

She also is an accused sexual harasser who makes violent, racist and homophobic comments, and then uses intimidation to cover her tracks.

Securing Our Water Future Today

Established in 1959, WRD manages two of the most utilized urban groundwater basins in the nation. Groundwater from these basins provides 50% of the total water supply for four million people within WRD's service area, which includes 43 cities within 420 square miles. Through WRD's Water Independence Now (WIN) program, the two basins will become locally sustainable and will be completely independent of imported water by 2018.
